ABOUT STONEWATER

Stonewater is one of the UK's most significant social housing providers, with around 30,000 homes under management across England. We are a charitable, industrial and provident society, and a registered provider with The Homes and Communities Agency (HCA).

Our housing operations are structured around three geographical areas:

- › East and North, managing 8,400 homes
- › South, managing 13,400 homes
- › West, managing 8,200 homes

Stonewater's vision is to ensure everyone has the opportunity to have a place that they can call home and our mission is to offer quality homes and services for people whose needs are not met by the open market - it's at the heart of everything we do.

Our values are built around being ethical, ambitious, passionate, agile and commercial.

With more than 40 years' experience in the sector, we provide a range of general needs and retirement living, leasehold schemes, and supported housing including women's refuges and young people's foyers, as well as shared ownership properties.

Abbey Lodge is the sixth scheme completed as part of Stonewater's refurbishment plan for its Retirement Living portfolio. Stonewater manages around 3,000 homes for older people across the country, housing nearly 4,500 residents aged over 55.

Abbey Lodge's refurbishment was officially opened by George Blunden - Stonewater's Chair.
